RENOUNCES THE WORLD.

A Woman With Six Millions Takes Her Final Vows.

PHILADELPHIA, January 10.—Mother Katharine Drexel, who inherited \$6,000 upon the death of Francis A. Drexel, her father, a dozen years ago, took her final vows at the Convent of the Blessed Sacrament, near Torredale, thus completely severing her relations with the world. The ceremony was privately conducted at 7 o'clock mass, at which Archbishop Ryan administered the vows.

At 10 o'clock a high mass of thanksgiving was celebrated by the Archbishop, assisted by a number of priests, and at this ceremony a large number of Torredale people attended, as well as some of the Mother's friends, among them her sister, Mrs. Morrell, wife of Colonel Edward Morrell. Music was rendered by the convent choir. Four young novitiate also took the veil, three to be house sisters and one a choir sister.

The work mapped out by the convent and home by Mother Drexel some time ago is progressing encouragingly. There are sixty-three sisters engaged in the education of one hundred and sixty colored children and a large number of Indian boys and girls. Nine of the Sisters are now at Santa Fe, where they have eighty-two Indian pupils under their care. Holy Providence Home, as the school and rectory for colored children is called, is reported as doing finely under Mother Drexel's direction.

Mother Drexel is now thirty-six years old.

THE IDAHO LEGISLATURE.

No Caucus Yet—A Woman Suffrage Amendment Introduced.

BORO, Idaho, January 10.—The Senatorial situation remains unchanged. Sweet's supporters sought at once to call a caucus by petition. They secured nineteen names, eighteen refusing to sign. This seems to defeat an early caucus, and it is possible none will be held until after several ballots in the joint convention.

In the Senate Robertson introduced a resolution for the submission of a constitutional amendment granting suffrage to women. It is thought it will pass.

The nineteen Republicans who signed the call will go into caucus to-morrow night.

The Curtis Bill Passed.

WASHINGTON, January 10.—The House this morning passed the Curtis bill defining murder, manslaughter, rape, mutiny and desertion and providing punishment therefor and abolishing death penalties for other crimes.

Shot by Burglars.

INDIANAPOLIS, January 10.—Rev. A. E. Henshaw and his young wife were assaulted by burglars early this morning and attempted resistance. The thief shot and stabbed the victims who died. Bloodhounds are on the trail.

Never Cold in Scotland.

EDINBURGH, January 10.—There is a severe storm throughout Scotland. The snow is twenty feet deep in places. Railroad traffic is suspended. Loch Lomond is frozen. It is bitterly cold.

THE TRAMP EVIL.

California Towns Becoming Alarmed and Organizing.
SANTA ANA, January 10.—Residents of this city are alarmed over the influx of the criminal element from the north and east, and steps are being taken toward the organization of a vigilance committee.

SANTA CRUZ, January 10.—Tramps in Santa Cruz are to be fed on hard tack and water, unless they work. Such is the order of the Board of Supervisors, who became alarmed at the amount it cost the county to feed the prisoners in the jail last month.

PENALMA, January 10.—The local officers are following the example set by their Sacramento and Los Angeles brethren and a strict war is being waged against tramps.

AUBURN, January 10.—Merchants organized a Committee of Safety last night for the purpose of protection against any tramp invasion during the Winter.

OAKLAND, January 10.—Chief of Police Schaeffer has detailed a number of policemen in citizens' dress to patrol residence districts which are overrun with beggar tramps.

Congressional.

WASHINGTON, January 10.—In the House to-day, on motion of Turner (Dem.) of Georgia, Saturday, February 23, was set aside for paying tribute to the memory of the late Senator Colquitt of Georgia.

On motion of Curtis (Rep.) of New York, a bill was passed to define crimes of murder in the first and second degrees, manslaughter, rape, mutiny and desertion, and providing punishment therefor, and to abolish death penalties for other crimes.

On motion of Flynn (Rep.) of Oklahoma, a resolution was adopted calling on the Secretary of the Interior for the reason of the delay in opening to settlement the lands received from the Ki-kapoo Indians, under agreement of June 11, 1891, and ratified by Congress on March 3, 1893.

Delegate Rawlins of Utah to-day introduced a bill to restore to the public domain the reservoir sites selected by the United States under the act of 1888.

The Senate by a vote of 43 to 29 proceeded to the consideration of the Urgency Deficiency bill, in spite of the objections of Bill and Quay.

Not Montserrat Wreckage, but from the Keweenaw.

PORT TOWNSEND, Wash., January 10.—The stanchion found by the tug Pioneer last week ninety miles south of Cape Flattery, was examined by ex-First Officer Crockett, late of the Montserrat, who says he is positive that it did not come from that vessel, but belonged to some big steamer and is positive it did not come from a sailing vessel. In the vicinity where it was found the Pioneer saw hundreds of big logs adrift that undoubtedly came from the raft lost off the Oregon coast recently.

Some shipmasters advance the theory that one of the colliers became disabled and was in tow of the other, when both vessels got in among the drifting logs and were wrecked and sent to the bottom. If this theory is correct it probably accounts for the stanchion not drifting to the north of Vancouver Island.

A Daring Navigator.

MILWAUKEE, January 10.—Captain Adolph Friesch, who sailed from this city to Queenstown in the sailboat Nina, now proposes to cross the Pacific in a craft similar to the Nina. Captain Friesch and his boat are on exhibition at the St. James Theatre in London at \$250 a week, but in a letter to friends in this city he asserts that he has received an offer for his boat and will sell it. Then he will go to San Francisco, build another craft and cross the Pacific to Melbourne, Australia, making one stop at Honolulu. Captain Friesch built the Nina in this city, doing all the work himself.

Armenian Outrages.

LONDON, January 10.—The correspondent of the Standard at Constantinople telegraphs that he has heard that the Sultan requested Great Britain to disavow the speech recently made by Gladstone to the Anglo-Armenian delegation that visited him at Hawarden. The English, French and Russian Governments have asked the Porte to suspend the Governor of Bitlis, who is held mainly responsible for the Sasoua massacre, until the commission of inquiry shall have concluded its labors.

Suicide in the Park.

SAN FRANCISCO, January 10.—The body of a man was found in the Park yesterday afternoon by Cante Bertha and H. Cadosant at a point about a half mile from the North drive and about the same distance from the beach. The deceased was attired in rough clothes and rubber boots. Nothing was found about his person to indicate who he was, but a bottle which had contained laudanum, found beside the body, indicated that it was a case of suicide.

Mantle Nominated in Caucus.

HELENA, Mont., January 10.—The Republican caucus to-night nominated Lee Mantle of Butte for the unfilled term in the Senate. The caucus is still working on the nominees to succeed Senator Powers. Mantle was appointed two years ago, but was not seated by the Senate.

Snow in the South.

NEW ORLEANS, January 10.—Snow was reported last night and to-day all along the line of the Illinois Central from Holly Springs south to Amite City, Iowa, and along the Queen and Crescent east to Vicksburg.

Never Cold in Scotland.

EDINBURGH, January 10.—There is a severe storm throughout Scotland. The snow is twenty feet deep in places. Railroad traffic is suspended. Loch Lomond is frozen. It is bitterly cold.

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid nutritive principles embraced in the remedy, Syrup of Figs.

AUSTIN, January 10.—Merchants organized a Committee of Safety last night for the purpose of protection against any tramp invasion during the Winter.

OAKLAND, January 10.—Chief of Police Schaeffer has detailed a number of policemen in citizens' dress to patrol residence districts which are overrun with beggar tramps.

THE GOLD STANDARD.

Calling Prices in Every Country That Has Adopted It.

Every country that has adopted the gold standard has experienced the evils of falling prices. In England gold monometalism in the course of a few years has utterly ruined many thousands of the middle classes, starved the poor, and caused the holders of real estate to suffer enormous losses on account of the shrinkage in value of their lands. Germany is now going through the same trouble. Our vice consul at Luxembourg reports that the average wages of workmen amount to less than \$200 per annum. Women are paid about half as much. Miners and foundry hands get less than a dollar a day. The salaries of primary school teachers are \$222 for males and \$179 for females. These people buy clothing cheaper than we can, but they have to pay \$7 a ton for coal, and rye flour is \$8 a barrel wheat flour is \$8 a barrel, butter 25 cents a pound, sugar 8 cents, bacon 22 cents, and eggs 21 cents a dozen. Wageworkers under such conditions cannot save any money. In this country we are beginning to feel some of the natural results of the gold standard. The increasing poverty of the masses in all gold standard countries is the strongest argument than could be made against such a monetary system. Germany is an object lesson and a warning.

Order of Chosen Friends.

Riverside Council No. 2, Order of Chosen Friends, held a delightful meeting on Wednesday evening at Masonic Hall, the officers for the ensuing term were installed by Supreme Chancellor Jennings of Virginia City, assisted by Grand Marshall F. R. Williams. After the installation ceremonies were concluded a splendid program was rendered, consisting of vocal and instrumental music, and addresses. A collation was served which was a feature of the evening and fully enjoyed by the large number of members and invited guests present.

The council is in a prosperous condition and is rapidly gaining in membership.

THE DISTRICT COURT.

Thompson Judge Cheney decided in effect as follows: That plaintiff take nothing by his action, and defendant take nothing by his counter claim; that defendant recover his costs in reference to plaintiff's cause of action and plaintiff recover his costs incurred in reference to defendant's counter claim.

PROFESSIONAL CARDS.

TO PROWL, MY CAT.

You are life's true philosopher,
An epicure of air and sun,
To whom all moralists are one.
You hold your nose traditions fast,
While others toll you simply live,
And, based upon a stable past,
Remain a sound conservative!

You see the beauty of the world
Through eyes of unalloyed content,
And, in my study chair upreared,
Move me to pensive wonderment.

I wish I knew your trials of thought,
The perfect balance of your ways,
They seem an inspiration caught
From other laws in older days.

Your padded footfalls prowl my room
Half in delight and half disdain,
You like this air of studious gloom
When streets without are cold with rain.

Some day, alas! you'll come to die,
And I shall lose a constant friend,
You'll take your last look at the sky
And be a puzzle to the end.
